

A reviewed federal bid response.

For small janitorial contractors pursuing simple civilian federal service RFQs.

\$1,500 USD One accepted pilot	\$750 to start After fit and availability checks	\$750 balance After acceptance, before final release
--	--	--

Built from your evidence

Send the solicitation, amendments, and company documents. Receive a response package, a compliance checklist, and evidence links for factual claims.

What is included

Requirement review and targeted questions; an evidence-grounded technical response; up to three references; your supplied price sheet and required attachments; independent specialist review and one correction check; final DOCX/PDF files and separate internal review records.

A clear, limited scope

One RFQ. Up to 60 source pages, 30 company-evidence pages, and a 10-page response. The solicitation's actual limits control. One customer revision round is included. Later amendments or additional scope require written agreement.

Timing we confirm before payment

Target: five business days after complete intake, cleared deposit funds, and a confirmed reviewer slot. We agree the actual delivery date before work starts. Applicable taxes appear in the quote.

Your role

Supply accurate documents, prices, required signatures, and a named approver. Confirm facts, staffing, and commitments. Complete required site visits. Submit the package yourself. No award is guaranteed.

Start with a brief fit check

Send the public solicitation or SAM.gov link. We confirm scope, reviewer availability, price, and timing before requesting the deposit.

AI-assisted processing and independent human review. Document sharing requires your authorization.
